Taste of Tacoma[®] Offers Hope Heart Right Bite and Just a Bite! Options

TACOMA, Wash.—Emerald Queen Casino's Taste of Tacoma is committed showcasing what the best Tacoma-area restaurants have to offer while ensuring consumers are given the opportunity to watch both their waistlines and their wallets. This year's festival, which takes place June 24-26 at Point Defiance Park in Tacoma, gives consumers two ways to enjoy more delicious tastes than ever before.

New this year to the Taste is the Just a Bite! option which allows guests to sample a smaller portion of Tacoma's greatest culinary creations at minimal cost. Just a Bite! allows guests to treat their taste buds to a variety of foods from some of Tacoma's best restaurants. Each Just a Bite! option costs only \$3.75. Just a Bite! options include Cajun blackened salmon filet sliders, teriyaki skewers and cinnamon sugar crepes, and many other tasty selections.

Event producers are proud to again offer the Hope Heart Right Bite option at this year's festival. The Hope Heart Right Bite menu provides a healthier food option from each restaurant in support of a healthy lifestyle. Hope Heart Right Bite items include vegetarian, low-fat and reduced-calorie options. Some of the choices available are whole wheat fish tacos, sugar-free ice cream and chicken gyros.

Each restaurant booth at this year's Taste will offer both the popular Hope Heart Right Bite option and a Just a Bite! menu item. Restaurants at the Taste are getting creative and competitive with their Just a Bite! and Hope Heart Right Bite dishes. They are developing new taste sensations or making healthy changes to their classic dishes, all while showcasing the great flavors of local restaurants.

The Taste is dedicated to providing their guests with a variety of foods, allowing everyone to experience the Tacoma food scene
